

SOLUTIONS FOR BUNDLING

PC2000 + PC2000P AUTOMATIC STRAPPING MACHINES

Greenbridge's PC2000 and PC2000P are world class, high-speed, fully automatic strapping machines. Both provide high reliability and performance, earning these machines the best price and value reputation in the market today.

**PC2000P is great
for graphic arts**

**Greenbridge has the
most extensive portfolio
of PET and PP strap and
cord in the industry.**

ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains.

Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.

It's easy to find a supplier to sell you equipment.

It's another thing to find one who understands your business.

Talk to Greenbridge.
