

INNOVATIVE HIGH SPEED STRAPPING MACHINE

SM65 Series

SM65 is an innovative world-class high speed automatic strapping machine. It is suitable for 5 mm, 6 mm, 3/8 (9 mm), or 1/2 (12 mm) PP strapping. Equipping with all industry's standard features and creative user friendly designs, SM65 offers the most optimal performance, highest speed, easiest maintenance, and the most cost effective solution in its class.

SM65 - 5 mm, 6 mm, 3/8 (9 mm)

SM65 - 1/2 (12 mm)

Main Features

Robust and Compact Strapping Head

Use the latest brushless DC motor direct drive technology to provide the highest level of accuracy and reliability. All motors are German-made. Without belts, clutches, and pulleys, its compact design greatly minimizes the numbers of moving parts and maintenance cost.

Free Access to Strap Guides (patents registered)

Hinged top plate makes easy access to the strapping head for quick maintenance. Unblocking the guides enables free and quick access to strap guides without using any tools. The most maintenance friendly design.

Waist-High Auto Strap Feeding

Friendly design to feed the strap automatically from the upper side of the coil without the need to access to the bottom of the machine.

Waist-High Quick Coil Change (patents registered)

Innovative waist-high coil change without access to the bottom of the machine. Quick release lock eliminates downtime to change the coil. Ergonomic and quick change design makes coil change simpler than ever.

INNOVATIVE HIGH SPEED STRAPPING MACHINE

More Features

Sensor Controlled Heater

The fast heating mechanism is sensor controlled assuring consistent and high sealing efficiency.

Low Voltage

All DC motors and heater are “stepped down” to 24V to increase the safety of the machine.

Strap End Ejector

Eject the end of strap from the inlet of strap feeding. Easy to clean the end of strap and get the machine ready for next coil of strap.

Front Foot Bar Switch

Standard front foot bar switch makes machine operation in a very easy way. Ergonomic cycle initiation design and user friendly.

Dispenser Release Switch

Friendly design makes it easier to pull the strap from the strap dispenser for waist-high auto strap feeding.

Adjustable Table Height

The table height is adjustable to any height between 820 mm and 920 mm.

Turnable Operating Control Panel

The turnable operating control panel with LCD display is located on upper side of the machine for easy access. It enables machine operation from both front and rear sides. User friendly.

Auto Strap Ejector

Loop-ejector clears unwanted strap automatically if the machine is accidentally activated without a package.

Options

- Photo-eye switch
- Rear foot bar switch
- Foot pedal switch
- Lower adjustable table height 30.31"-32.28" (770 mm - 820 mm)
- Selected parts in stainless steel
- Stainless steel frame SUS 304
