Pregis® Foam-in-Place On Demand Systems
Lindenmeyr Munroe

Pregis®

Maxwell® Intelligent Interface

HOW IT WORKS

Foam-in-place polyurethane is molded in real-time by combining two liquid foams in a high density polyethylene (HDPE) bag, film or a pre-fabricated mold. The mixture expands rapidly around the product being protected, creating a custom protective shell.

Pack with IntelliPack® Foam-In-Place and Ship with Confidence

- Highest degree of product protection available
- Reduce or eliminate damage costs
- Maximize space and cost efficiencies
- Increase customer confidence

We're not just in the packaging business,
WE'RE IN THE "WOW" BUSINESS.

WORLD CLASS
SUPPORT AND SERVICE

Packaging should excite customers, motivate prospects, reduce shipping and fulfillment costs, and (of course) protect your products. To ensure you're getting the most out of your packaging, Pregis offers unrivaled consultative and technical services and industry leading training support.

Consultative Services
- Packaging optimized for any network – SFS, freight, ground, air, international
- Package design and testing center ensures packaging is FedEx, UPS or Amazon ready
- Specialized sales teams understands the unique challenges of your industry

Technical Service
- Proactively monitor packaging systems and schedule routine maintenance
- Highly skilled, local field technicians available for immediate needs
- 24/7 dedicated technical support hotline

Training Support
- Standard or custom guides, placards and videos
- On-site employee training and educational seminars
- Pregis 360 Virtual Reality Training Platform

Cushioning and Block & Brace Systems

SmartBagger™

The Pregis IntelliPack® SmartBagger™ delivers exceptional product protection for applications requiring cushioning or blocking and bracing. Equipped with the Maxwell® Intelligent Interface, it offers extensive customization and efficiencies in operations.

- Virtually unlimited barcoding and preset bag options
- Tracks consumption and performance metrics
- Cellular telemetry constantly monitors system parameters
- Open design makes film loading quick, simple and safe
- Easy-to-replace sealing wires and edge seal arbors

Maxwell® Intelligent Interface Web App

Streamline packaging operations with the Maxwell® Intelligent Interface Web App. Accessible from any browser, you can easily create, manage, and sync packaging instructions across your SmartBaggers.

- Standardize packaging processes across your operation from one platform
- Easily upload and sync images and videos
- Reduce errors and enhance operator performance
- Remotely monitor and adjust system performance

SmartShot™

Pregis IntelliPack® SmartShot™ hand-held dispenser offers versatility for packing low-volume or odd-shaped items. Add the table stand to toggle between on-demand foam bags and handheld dispensing.

- Tapered dispenser easily fills narrow or odd-sized spaces
- Heated dispenser minimizes cold-shots
- Insulated handle stays cool
- Table stand option for hand-held and bagging in one machine
- Built for durability and reliability

Accessories and Consumables

SmartMold™

Pregis IntelliPack® SmartMold™ creates custom molds prefabricated for a specific product.

- Consistent cushioning block & brace protection for places that need it most
- Reduce packaging waste
- Eliminates packer variability for reliable protection

SmartFoam™ Liquid Foam

Only Pregis IntelliPack® A & B liquids are stored in transparent containers, enabling easy monitoring of liquid levels in drums or totes for improved inventory management. Available in various densities to provide the optimal protection for your shipping needs.

SmartFill™ Tote-on-Tote Auto Replenish System

Pregis IntelliPack® SmartFill™ auto replenishment system maximizes uptime and ensures operational safety. Reduce manual intervention and seamlessly feed remote equipment for a more streamlined packaging process.

- Easy, efficient change outs without halting operations
- Seamless integration into various facility layouts
- Robust safety features for enhanced protection

Inspyre Packaging

Pregis IntelliPack® Inspyre packaging ensures premium product protection and makes a meaningful global impact. As part of 1% for the Planet, 1% of Inspyre sales support the Uzima Clean Water Mission, a non-profit providing life-saving clean water filters to combat water insecurities in communities worldwide.

5 DEGREES
OF SEPARATION

Telemetry

Cellular telemetry enables preventative maintenance 24/7 eliminating costly, unexpected downtime.

Bar-Coding

Bar-coding technology allows customers to create specific bags, fill rates and sequences for each product's protective needs. This removes guesswork and enables operations with diverse product lines.

Equipment Design

All Pregis' on-demand systems are designed with ergonomic features to enhance operator comfort and convenience. Multiple equipment options are available that meet small, medium and large application needs.

Customer Focus

At Pregis, customers are our first priority. So, we custom design a program to meet your specific needs.

YOUR COMPANY
LOGO HERE

The Advantage Program

Our program is designed to be flexible to support your changing business needs. Simply put, the advantage program means you get high quality equipment, reliable service and no surprises.

• No up-front capital investment

• Installation, training and ongoing support

• Software updates to ensure state-of-the-art performance

• Preventative maintenance; warranty on equipment and labor included

Maxwell™ Technology

Maxwell intelligent interface empowers users with greater system controls, endless customization options and detailed reporting.

Intuitive Interface:

• Customizable touchscreen
• Spanish language toggle
• Easy to use agile bag and sequence page
• Virtually unlimited barcoding for consistent foam dispensed and product protection
• SMART features include energy conservation and self-cleaning sessions that can be scheduled during breaks to maximize up-time

Telemetry

• Detailed reporting and insights: usage, cost per pack/packer, machine perfomance
• Map and connect with other facility SmartBagger machines

Service and Support

• Pregis technicians can remotely access machines for real-time updates and adjustments
• Local technicians available for preventative maintenance service to maximize up-time

Maxwell Web App

• Accessible from any browser
• Easily create, manage, and sync packaging instructions
• Standardize packaging across your operation from one platform

Products worth protecting deserve Pregis

We are a leading manufacturer of **innovative packaging solutions** and **protective products**.

We solve our customer's toughest business challenges with packaging so they can create customers for life. We do this by delivering **creative solutions to packaging challenges** and leveraging a material neutral portfolio.
